

PRODUCT NAME:

METAL FREE-POWER2 S3 SAFETY BOOT BLACK

PRODUCT CODE/S:

BSPower 2 38	METAL FREE-POWER2 S3 SAFETY BOOT BLACK 38
BSPower 2 39	METAL FREE-POWER2 S3 SAFETY BOOT BLACK 39
BSPower 2 40	METAL FREE-POWER2 S3 SAFETY BOOT BLACK 40
BSPower 2 41	METAL FREE-POWER2 S3 SAFETY BOOT BLACK 41
BSPower 2 42	METAL FREE-POWER2 S3 SAFETY BOOT BLACK 42
BSPower 2 43	METAL FREE-POWER2 S3 SAFETY BOOT BLACK 43
BSPower 2 44	METAL FREE-POWER2 S3 SAFETY BOOT BLACK 44
BSPower 2 45	METAL FREE-POWER2 S3 SAFETY BOOT BLACK 45
BSPower 2 46	METAL FREE-POWER2 S3 SAFETY BOOT BLACK 46

KEY FEATURES:

METAL FREE-POWER2 S3 SAFETY BOOT – BLACK

THE METAL FREE-POWER2 S3 SAFETY BOOT IN BLACK COMBINES ADVANCED PROTECTION AND LIGHTWEIGHT COMFORT WITHOUT THE USE OF ANY METAL COMPONENTS. THE BOOT IS DESIGNED WITH A COMPOSITE TOE CAP THAT PROVIDES THE SAME IMPACT AND COMPRESSION PROTECTION AS A STEEL TOE (200J IMPACT RESISTANCE), BUT IT IS LIGHTER AND MORE COMFORTABLE.

IT FEATURES A PUNCTURE-RESISTANT COMPOSITE MIDSOLE THAT OFFERS THE SAME PROTECTION AS A STEEL MIDSOLE, ENSURING PROTECTION FROM SHARP OBJECTS UNDERFOOT, WHILE REMAINING METAL-FREE. THE WATER-RESISTANT LEATHER UPPER HELPS KEEP FEET DRY AND PROTECTED IN WET ENVIRONMENTS, AND THE BOOT IS RATED AS S3 FOR FULL WATERPROOFING, ANTI-STATIC PROPERTIES, AND ADDITIONAL OIL- AND SLIP-RESISTANT QUALITIES.

THE DUAL-DENSITY PU OUTSOLE IS SLIP-RESISTANT AND HIGHLY DURABLE, PROVIDING EXCELLENT GRIP IN VARIOUS WORKING CONDITIONS, FROM CONSTRUCTION SITES TO INDUSTRIAL AND OUTDOOR ENVIRONMENTS. THE BREATHABLE INSOLE ENSURES COMFORT FOR LONG HOURS ON YOUR FEET.

THIS BOOT IS PERFECT FOR INDUSTRIES THAT REQUIRE METAL-FREE FOOTWEAR, SUCH AS SECURITY, ELECTRONICS, OR ANY ENVIRONMENT WITH METAL DETECTION.

DETAILS:

BEST USE:

CONSTRUCTION SITES
INDUSTRIAL AND MANUFACTURING ENVIRONMENTS
ELECTRONICS AND SECURITY (METAL-FREE REQUIREMENT)
OUTDOOR WORK AND LANDSCAPING
WAREHOUSING AND LOGISTICS
AGRICULTURE AND FARMING

KEY FEATURES & MATERIALS:
