KEY FEATURES:

TOWA ACTIVE GRIP – KEY FEATURES

SUPERIOR GRIP:

FEATURES A LATEX-COATED PALM WITH A TEXTURED SURFACE, PROVIDING EXCELLENT GRIP IN WET AND DRY CONDITIONS.

COMFORTABLE FIT:

MADE WITH A SEAMLESS 13-GAUGE LINER (TYPICALLY COTTON/POLYESTER BLEND) FOR FLEXIBILITY AND REDUCED HAND FATIGUE.

BREATHABLE DESIGN:

BACK OF THE GLOVE IS UNCOATED TO ALLOW AIRFLOW AND REDUCE SWEATING DURING LONG WEAR.

HIGH DEXTERITY:

LIGHTWEIGHT CONSTRUCTION OFFERS A SNUG FIT AND PRECISION HANDLING, IDEAL FOR DETAILED TASKS.

DURABLE AND LONG-LASTING:

ABRASION-RESISTANT LATEX COATING EXTENDS THE GLOVE'S LIFE IN TOUGH ENVIRONMENTS.

ERGONOMIC SHAPE:

DESIGNED TO FOLLOW THE NATURAL CURVE OF THE HAND FOR BETTER COM-

DETAILS:

Comfort & Protection:	Offers all-day comfort with a seamless liner and ergonomic design that reduces hand fatigue while providing essential protection during handling tasks.
Durable Material:	Features a tough natural latex coating on the palm and fingers for enhanced resistance to abrasion, extending the glove's lifespan in demanding environments.
Non-Slip Grip:	Textured latex coating delivers a secure and reliable grip, even in wet or oily conditions, making it ideal for precision work and material handling.
Breathable Design:	The uncoated back allows airflow to keep hands cooler and drier, improving comfort during extended wear.

Ideal For: Construction & General Labor, Warehouse & Logistics
