**CLIMAX P3 FILTER SINGLE** 

# **PRODUCT CODE/S:**

CLX2005

### **KEY FEATURES:**

Filter against gases and vapors of chemical compounds formed by a cylindrical body made of black ABS that fits with a lid made of the same material.

The connection of the filter to the mask is done using a non-standardized thread.

Filters compatible with Climax half masks model 755, 756 and 810.

# **DETAILS:**

Filter P3 against particles made up of a high-density polyethylene black base tted with a round cover made up with the same material.

Between the cover and the base there is a prelter with a high absorption capacity against particles.

 $Thread \, connection \, system. \, Grinding, \, cutting, \, drilling \, of \, wood, \, stainless \, steel, \, paint, \, lacquer \, and \, corrosion, \, resistant \, paint. \, drilling \, of \, wood, \, stainless \, steel, \, paint, \, lacquer \, and \, corrosion, \, resistant \, paint. \, drilling \, of \, wood, \, stainless \, steel, \, paint, \, lacquer \, and \, corrosion, \, resistant \, paint. \, drilling \, of \, wood, \, stainless \, steel, \, paint, \, lacquer \, and \, corrosion, \, resistant \, paint. \, drilling \, of \, wood, \, stainless \, steel, \, paint, \, lacquer \, and \, corrosion, \, resistant \, paint. \, drilling \, of \, wood, \, stainless \, steel, \, paint, \, lacquer \, and \, corrosion, \, resistant \, paint. \, drilling \, of \, wood, \, stainless \, steel, \, paint, \, lacquer \, and \, corrosion, \, resistant \, paint. \, drilling \, of \, wood, \, stainless \, steel, \, paint, \, lacquer \, and \, corrosion, \, resistant \, paint. \, drilling \, of \, wood, \, stainless \, drilling \, drilling \, of \, wood, \, stainless \, drilling \, drilli$ 

Varnishing with solvent-based paint, asbestos removal.

Protection against bacterias and viruses.

Suitable for the retention of particles of welding fumes.

R mark: Reusable Iter.

Weight: 0,056 kg
