DETAILS:
Full Description:

- EVERBUILD MP WOOD FILLER is an easy-to-use wood repair solution designed for filling holes, cracks, and imperfections in wooden surfaces. The multi-purpose formula can be applied to both softwood and hardwood surfaces, providing a durable repair that can be sanded down, painted, or stained to match the surrounding woodwork. Available in a range of colors, including Light, Oak, Mahogany, Medium, Pine, and White, it is ideal for use in DIY, professional wood repair, and restoration applications. It's suitable for interior and exterior use, and can also be used on MDF, particleboard, and plywood.**

Ideal For:

- Filling holes, cracks, and gaps in wooden surfaces
- Repairing damaged furniture
- Restoring wooden fixtures, cabinets, and doors
- Outdoor repairs such as garden furniture and fences (when fully cured)
- MDF, plywood, and particleboard repairs
- Smoothing rough areas on new or old wooden surfaces
- Paint, stain, and lacquer prep

Key Features:

- Available in six colors to match most wood finishes (Light, Oak, Mahogany, Medium, Pine, White)
- Fast-drying formula – ideal for quick repairs
- Can be sanded, painted, or stained after application
- Excellent adhesion to wood, MDF, and particleboard
- For interior and exterior applications
- Water-resistant when cured (for outdoor use)
- Non-shrinking formula for smooth repairs
