OVERVIEW

HIGH-PERFORMANCE, METAL-FREE S3 SAFETY BOOT DESIGNED FOR MAXIMUM PROTECTION, COMFORT, AND DURABILITY IN DEMANDING WORK ENVIRONMENTS. FEATURES ESD PROTECTION, SRC SLIP RESISTANCE, AND A LIGHTWEIGHT DESIGN IDEAL FOR ALL-DAY WEAR.

DETAILS:

Key Features:

- **S3 Safety Rating:** Includes toe protection, water resistance, and puncture-resistant sole
- **SRC Slip Resistance:** Excellent grip on slippery surfaces
- **ESD Protection:** Safe for use in electro-sensitive environments
- **Metal-Free:** Suitable for security-restricted areas (airport-friendly)
- **Breathable Lining:** Enhanced comfort and moisture management
- **Shock Absorption:** Energy-absorbing heel reduces foot fatigue

Technical Specifications:

- Category:** S3 SRC ESD
- Toe Cap:** Composite (non-metallic)
- Midsole:** Anti-penetration textile layer
- Upper:** Water-resistant synthetic leather
- Lining:** Breathable, abrasion-resistant
- Outsole:** Dual-density PU, SRC-rated
- Weight:** Approx. 580g (per shoe, size dependent)
- Sizes Available:** EU 40-47

Application Areas:

- Electronics and ESD-sensitive workplaces**
- Warehousing and logistics**
- Manufacturing and light industry**
- Construction (interior works)**
- Airports and security zones**

STANDARDS

EN ISO 20345:2011
