

PRODUCT NAME:

BUNGEE

PRODUCT CODE/S:

BE1224: BUNGEE 12MM X 2FT

BE1248: BUNGEE 12MM X 4FT

OVERVIEW:

The BE12 Series Bungee Cord (available in 2ft – BE1224 and 4ft – BE1248) is a durable elastic tie-down solution designed for securing loads, bundling items, transportation use, and general-purpose fastening. Made with a high-strength elastic core and a tough woven outer jacket, it offers excellent stretch, durability, and resistance to wear.

Both models are fitted with heavy-duty metal/plastic-coated hooks on each end for quick and secure attachment. These bungee cords are ideal for use in logistics, camping, construction, DIY projects, roof racks, tarpaulin securing, and everyday utility tasks.

DETAILS:

Key Features:

12mm heavy-duty elastic cord – Strong stretch for secure holding power

Durable braided outer layer – Protects from abrasion, UV exposure, and fraying

Secure end hooks – Coated hooks provide firm grip while preventing damage to anchor points

Flexible & reusable – Easy to attach, remove, and use repeatedly

Versatile use – Ideal for transport, camping, securing tarps, luggage, tools, bikes, and more

Weather-resistant – Suitable for indoor and outdoor applications

How to Use:

Select the correct length – Use BE1224 (2ft) for shorter, tighter fastening or BE1248 (4ft) for longer reach and larger loads.

Attach hooks to secure points – Fix one hook to a stable anchor point and stretch the cord to attach the other end.

Ensure tension is safe – Do not overstretch beyond the cord's elastic capability; maintain safe tension.

Check load stability – Make sure the cord holds items firmly and hooks are locked in place.

After use & storage – Remove by releasing tension carefully and store in a dry place away from direct sunlight and sharp objects.
