

**PRODUCT NAME:**

CONVEX MIRROR 45CM

**PRODUCT CODE/S:**

JS9945

**OVERVIEW:**

The JS9945 Convex Mirror 45cm is a high-visibility safety solution engineered to enhance awareness and reduce collision risks in both indoor and outdoor environments. Its curved reflective surface offers a broad field of view, allowing drivers, forklift operators, and pedestrians to see around corners, narrow aisles, or obstructed areas. Constructed with a lightweight yet tough acrylic mirror and a durable weather-resistant backing, it's ideal for long-term use in car parks, warehouses, loading bays, or driveways. The mirror is easy to install on walls or poles and provides clear distortion-free reflection for reliable safety monitoring.

**DETAILS:**
**Key Features:**

Wide-Angle View – Expands visibility to reduce blind spots.  
 Durable Acrylic Lens – Shatter-resistant and weatherproof.  
 Lightweight Construction – Easy to install and maintain.  
 Anti-Fog & UV Resistant Coating – Ensures clear reflection in all conditions.  
 Mounting Bracket Included – Simple installation on poles or flat surfaces.  
 Ideal for Safety & Security – Perfect for driveways, car parks, warehouses, and intersections.

**How to Use:**

Choose the installation spot – ideally at blind corners or areas with limited visibility.  
 Mount securely using the included bracket or a compatible pole mount.  
 Adjust the mirror angle to cover the desired viewing area.  
 Tighten fittings to ensure stability and vibration resistance.  
 Clean regularly with a soft cloth and mild cleaner to maintain clear reflection.
