

PRODUCT NAME:

F1 PERSON FIRST AID KIT

PRODUCT CODE/S:

BHSEKIT

OVERVIEW:

The BHSEKIT F1 Person First Aid Kit is a practical and portable medical kit designed to provide immediate care for minor injuries. It contains a carefully selected range of essential first-aid items such as bandages, gauze pads, alcohol wipes, and gloves — ideal for treating small wounds, cleaning cuts, or preventing infection.

Compact in size and neatly organized, this kit is suitable for personal use, vehicles, workshops, offices, or travel bags. Its durable packaging ensures that contents remain sterile, dry, and ready for use in emergencies.

DETAILS:

CONTENTS:

Scissors (9cm) – For cutting tape, bandages, or clothing during dressing.
 Tweezers (12.5cm) – Used for removing splinters or debris safely.
 Non-Woven Medical Tape (1.25cm x 5Y) – For securing gauze pads or dressings.
 Adhesive Bandages (76 x 19mm, 10 pcs) – For small cuts, blisters, or abrasions.
 Cotton Swabs (10 pcs/bag) – For gentle cleaning and applying antiseptics.
 Sterile Gauze Pad (5cm x 5cm) – Protects and cushions open wounds.
 PVC Gloves (1 pair) – Ensures hygienic handling during first aid.
 Alcohol Pads (3 x 6cm, 4 pcs) – Disinfects skin or tools before dressing.
 PBT Bandage (6cm x 4m) – For securing dressings or supporting minor sprains.
