SAFELINE MULTI PURPOSE SILICONE

PRODUCT CODE/S:

SLS01: SAFELINE MULTI PURPOSE CLEAR SILICONE
SLS02: SAFELINE MULTI PURPOSE WHITE SILICONE
SLS03: SAFELINE MULTI PURPOSE BROWN SILICONE
SLS04: SAFELINE MULTI PURPOSE GREY SILICONE
SLS05: SAFELINE MULTI PURPOSE BLACK SILICONE

OVERVIEW:

SAFELINE Multipurpose Silicone Sealant provides a strong, flexible, and waterproof seal suitable for indoor and outdoor applications. Ideal for sealing, bonding, and gap filling around windows, doors, kitchens, bathrooms, and building materials.

DETAILS:

SAFELINE Multipurpose Silicone Sealant is a high-performance, waterproof and flexible sealant designed for a wide range of construction, DIY, and maintenance tasks. Its strong adhesion allows it to bond securely to most building materials including glass, metal, ceramic, wood, PVC, plastic, and concrete.

Suitable for both indoor and outdoor use, it forms a long-lasting, weather-resistant and mould-resistant seal, making it ideal for bathrooms, kitchens, windows, doors, roofing, and general gap filling. Once applied, it cures to a durable, rubber-like finish that accommodates movement without cracking or shrinking.

Whether used for sealing joints, bonding materials, or waterproofing surfaces, SAFELINE Silicone provides a reliable and professional result every time.

Key Features:

Waterproof and weather-resistant

Flexible, durable, and shrink-resistant

Excellent adhesion to most building materials

Suitable for indoor and outdoor use

Ideal for sealing windows, doors, bathrooms, kitchens, and roofing
