

PRODUCT NAME:

FIRE EXTINGUISHER 1KG

PRODUCT CODE/S:

FIRE1KG

KEY FEATURES:

The Fire Extinguisher 1 Kg ABC is a reliable and versatile Pre safety device designed to quickly suppress small to medium fires. Filled with 1 kg of ABC dry chemical powder, it is effective against Class A (combustibles like wood, paper), Class B (flammable liquids), and Class C (electrical) fires. Built for durability and ease of use, this extinguisher features a rugged design and simple operation steps, making it ideal for households, vehicles, workshops, and workplaces. Manufactured to meet EN3-8:2021 standards and CE approved, this extinguisher provides trusted performance when it matters most.

DETAILS:

How to Use the Fire Extinguisher:

Follow these four simple steps:

- Pull the safety pin
- Hold the extinguisher upright.
- Pull out the pin to break the tamper seal.
- Aim the nozzle at the base of the fire
- Stand about 1.5-2 meters away.
- Point the nozzle toward the bottom edge of the flames.
- Squeeze the handle
- Firmly squeeze the lever to discharge the extinguishing agent.
- Maintain a steady pressure.
- Sweep from side to side
- Move the nozzle in a slow sweeping motion.
- Continue until the fire is completely out.
