

PRODUCT NAME:

25m PONY LEAD YELLOW 16 AMP PLUG / SOCKET 110V

PRODUCT CODE/S:

EL2108AP: 25m PONY LEAD YELLOW 16 AMP PLUG / SOCKET 110V

OVERVIEW:

The EL2108AP 25m Pony Lead is a robust and dependable extension solution built for demanding site conditions. Manufactured using high-quality, flexible cable, it provides excellent durability and resistance to wear, making it suitable for both indoor and outdoor use.

With a generous 25-metre length, this lead allows extended reach across job sites without compromising power stability. It is fitted with a 16A 110V plug and socket, ensuring compatibility with standard site transformers, tools, and lighting equipment.

The bright yellow finish enhances visibility, reducing trip hazards and improving safety in busy working environments. Designed for professional use, this pony lead delivers reliable performance even in tough conditions.

DETAILS:

Key Features:

Product Code: EL2108AP
 Cable Length: 25 metres
 Voltage: 110V
 Current Rating: 16 Amp
 Plug Type: 16A 110V industrial plug
 Socket Type: 16A 110V socket/coupler
 Cable Type: Heavy-duty flexible cable
 Cable Size: Approx. 1.5mm² – 2.5mm² (varies by model)
 Colour: Yellow (high visibility)
 Application: Construction, site use, workshops
 Protection Rating: Typically IP44 (splash-resistant)
 Max Load (approx.):
 Uncoiled: up to ~1760W

How to Use:

1. Connect Power Source
Plug the 16A plug into a 110V transformer or power supply
2. Connect Equipment
Attach tools, lighting, or equipment to the socket end
3. Fully Uncoil Before Use
Always uncoil the cable completely
Prevents overheating and power loss
4. Position Safely
Keep cable away from:
Sharp edges
Water pooling
Heavy traffic areas
5. After Use
Disconnect from power
Coil neatly for storage
Store in a dry place
